Technology

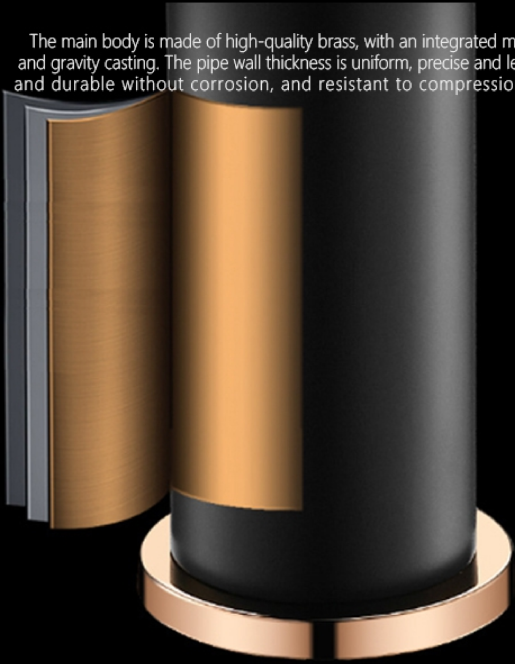
Healthy Life Starts with "Core"

Using ceramic valve cores to build a strong heart for the faucet, it is resistant to high temperature, wear, and corrosion. Anti seepage and leakage prevention, smooth opening, and free switching between hot and cold water.

The Beauty of Craftsmanship

Brass Integrated Casting Molding
Durable And Durable Under Pressure

The main body is made of high-quality brass, with an integrated molding process and gravity casting. The pipe wall thickness is uniform, precise and leak proof, sturdy and durable without corrosion, and resistant to compression and cracking.



Rose Gold Shiny Handle

Displaying The Value Senses Of Light Luxury

Black is a cold and sexy color, paired with beautiful rose gold. The fusion between the shields makes the overall appearance more simple, atmospheric, and personalized, making the faucet appear more textured, luxurious yet elegant. Decorate your bathroom with a scenic line to create a harmonious and elegant space.

Water Pipe

It is not easy to peel or rust, and can with stand the test of time. Connector brass inner core, G1/2 universal threaded connector, ready to use.
