COMPANY PROFILE

FAAO Sanitary Ware was established in 2001. Our company is a professional manufacturer engaged in R&D, production, sales and service in the industry of **FAUCETS, BATHROOM ACCESSORIES and SMART ELECTRIC TOWEL WARMERS**. To keep achieving and maintaining a leadership position in the industry, we have our own in-house R&D department.

The president of FAAO was a professional technician with excellent experience in the sanitary ware industry before starting to build FAAO manufacture. Obtaining his philosophy, our team place emphasis on enhancing the quality of products and training our workers strictly. Strict quality control is performed in every procedure from material sourcing, processing and testing.

We design & develop new products every season. Many designs have owned patents. In addition, We have passed **ISO9001:2001** Quality Management System. FAAO has got **Watermark** certificate which is the most strict product quality standard in the world. Our company has obtained the honor of **National High-tech Innovation Enterprise** which is a national level honor from the government. Our marketing team is sensitive to the changing trends and fashions in the world market. Our products are sold in mo-re than 60 countries around the world. We cooperate with famous home improvement companies throughout the world with outstanding quality, competitive price and perfect services. The quality of our products generates sales allowing our marketing team to concentrate on customers' needs and satisfaction. With various unique and contemporary products, we have participated in several domestic and international exhibitions, and gained lots of positive results.

FAAO aims for product excellence and customer satisfaction. We welcome customer input towards improving products and our common marketing goals.

OUR CONCEPT OF COMPANY OPERATING

Begin with the customers' needs, end with customers' satisfaction, to become customers' the first choice;

Based on quality, to provide great services;

With continuous innovation, to match market demands.

OUR VISION:

To become an critical role in global Sanitary Hardware Industry

OUR CORE VALUE:

To provide the best service for customers; to provide a good working environment and quality life for staff;

OUR enterprise culture

Reliable Efficient Professional

Work standards

Taking the data as the measure standard, Taking the output as the value manifests

FA-9812

Drinking-water mixer faucet

Water Safety: Water purifier faucets are typically used in conjunction with water purifiers, effectively filtering impurities, bacteria, and harmful substances from tap water to provide safer drinking water.

Environmental protection: Using a water purifier faucet can reduce the use of plastic bottles, lower environmental pollution, and align with the concept of sustainable development.
